

Dear Patrons,

*Happy to inform you that **Sunshine** has turned 4 this October!!*

*In these **four** years since our inception, this cardinal, landmark number inspires us to be ...*

- as omnipresent for our client partners as the **four** directions, East, West, South & North*
- as Change-friendly as the **four** seasons, Summer, Spring, Autumn & Winter and*
- as Trustworthy as the **four** natural elements, Earth, Water, Fire & Wind.*

*It has been a wonderful journey; as colourful as the **four** colours of printing – CMYK, the moments of client joy are forever imprinted in the **four** compartments of our heart.*

*As we progress, we look forward to strengthening the **four** pillars of our Success- Continued Support, Trust, Partnership & Patronage from you. Team Sunshine thanks you for your belief. You made this journey of excellence so very special for us.*
